## Experience

**Creative Supervisor | WTS Paradigm** Jan 2023 – Current | Remote

- Lead and mentor a team of 3D artists in producing top-tier architectural visualization renders, 360-degree virtual walkthroughs, and videos, ensuring adherence to strict project deadlines and quality standards.
- Provide comprehensive hands-on guidance and creative direction to foster skill development and proficiency among team members, offering timely feedback and troubleshooting assistance.
- Collaborate closely with project managers, clients, and cross-functional teams to understand project requirements, provide strategic creative direction, and deliver innovative visual solutions that consistently exceed client expectations.

**Interior Design Lead / Visual QA | WTS Paradigm** Dec 2021 – Jan 2023 | Remote

- Developed and executed design concepts aligned with client needs, meticulously selecting furnishings, materials, textures, and lighting to bring each project to life.
- Conducted tedious quality control of 3D renders, virtual walkthroughs, and visual assets, ensuring optimum deliverables, and driving repeat business from satisfied clients.
- Played a key role in managing Paradigm's offshore team, overseeing artist workloads from project initiation to completion, and maintaining high standards of quality and efficiency.

**Video Editor / Creative Lead | The Normies LLC** Feb 2019 – Dec 2021 | Indianapolis, IN

- Demonstrated expertise in all aspects of video editing, from splicing and sound balancing to color correction and 2D compositing, consistently delivering polished end products.
- Led the creation of visually engaging end screen designs and VFX elements for each video, contributing to the channel's growth to over 700k subscribers on YouTube.
- Provided critical support to a team of 9 creators, ensuring the seamless execution of content production and maintaining high audience engagement levels.

**Freelance Video Production Specialist | Bell Racing USA** Aug 2018 – Nov 2018 | Indianapolis, IN

- Responsible for the filming, recording, and editing of diverse video content, applying VFX enhancements to elevate the final product and enhance brand visibility.

**Compositing Intern | Framestore** Feb 2018 – May 2018 | New York, NY

- In depth integration for 2D and 3D elements into complex shots, honing skills in depth of field, lighting, composition, and framing.
- Balanced creative vision with technical proficiency to deliver high-quality compositing work, contributing to the success of major film and television projects.

**Compositor | Neoscape** Dec 2016 – Feb 2018 | New York, NY

- Executed seamless integration of 2D and 3D assets into hyper-realistic renders and raw footage, contributing to the creation of immersive architectural visualization experiences.
- Edited and composited 360-degree footage to develop cutting-edge VR experiences.

**Freelance Compositor | Ingenuity Studios** Oct 2016 | Los Angeles, CA

- Performed 2D clean plating, green screen keying, rotoscoping, and tracking to deliver exceptional compositing work on multiple TV show projects, ensuring seamless visual integration and continuity.
